Students find their weak areas and receive multimedia instruction and practice with immediate feedback. Student, classroom, and school-wide reports show pretest and post test scores by state standard to help teachers adjust individual or group instruction. For students who are 2 or more grade levels below their peers. Struggling learners start simple, find success, and gain confidence. Mechanics is for students who perform far below grade level. It is skills-based, not grade-specific. It teaches the foundations learned in grades 1 ? 8. Students can begin at very low levels, gain confidence, and work their way up. TX STAAR Achiever and Mechanics software programs provide instruction in ELA, Math, and Science.
