Follett	www.Folletlearning.com	Taking Destiny outside of the Library	<p>Libraries and Librarians are more critical today as they ever have- with access to content that teachers need. Find out about the different tools that Destiny has to offer that help teachers and librarians to access this information as well as content Follett has to offer.</p>
Promethean	www.prometheanworld.com	A New Wireless Classroom Collaboration System	<p>INTRODUCING CLASSFLOW CONNECT</p> <p>A New Wireless Classroom Collaboration System that enables teachers and students to wirelessly connect, view and share content with the entire class from their mobile devices, including smartphones, tablets and notebook computers.</p>
3P Learning	http://company.overdrive.com/schools/	Unpacking Student Motivation: The Learnification of Gaming	<p>In this presentation we unpack the multi-faceted motivations underlying student learning. We'll explore with real digital application examples of elements we call the "learnification of gaming". Unpacking game environments as a means to 'engage' students is not enough, we need to be creating immersive worlds of learning for our students, using the latest award winning technologies as examples. The session will explore how bridging the gap between differing student personalities and</p>

			the associated learning motivations can truly inspire a love of learning.

Kurzweil/Audio Optical Systems of Austin	www.kurzweil.com	Accommodating Students with Text-to-Speech to Prepare for the new STAAR A Accommodations. Is your school Ready?	<p>Districts that have students using the Text-to-Speech accommodations on the STAAR A need to practice during the school year. Schools who want to use this accommodation should be using similar accommodations during the school year with day-to-day tests to familiarize the students with similar tools. Kurzweil 3000-firefly allows you to import or scan tests and material into an audio visual format. Students can adjust the reading speed, size of text, color background, and look up definitions/synonyms/pictures. Teachers can add bubble notes similar to the "Pop up" feature in STAAR A to scaffold questions or provide more support. Come learn more! A 22" flat screen TV will be given away at the end of the session. You must be present to win</p>
Imagine Learning Inc.	http://www.imaginelearning.com/	Improvement Required - ESL, SPED, Struggling Readers Meeting Standard with the help of adaptive software technology	<p>Differentiated adaptive instruction is filling in the gaps in students ELA education and helping districts and individual campuses meet standard in Texas.
