

Ideal Banana Storage Range  
56 To 60 F

## BANANA Color Guide

# 2

**LIGHT  
GREEN**

*Item #*

980-2400 (40#)  
980-2401 (10#)

Bananas too green?  
Keep them wrapped  
and in a warmer than  
normal location to  
help speed up the  
ripening process.

# 3

**50% GREEN  
50% YELLOW**

*Item #*

980-2500 (40#)  
980-3339 (10#)

Bananas too ripe?  
Open the case and  
pan them out to allow  
the ethylene gas to  
escape and keep  
them in a cooler than  
normal location  
(outside of the walk  
in cooler) to help slow  
down the ripening  
process.

# 4

**YELLOW W/  
GREEN TIPS**

*Item #*

980-2000 (40#)  
981-2231 (10#)
