

I wanted to share a handful of McKinney-Vento updates and training opportunities with you directly. I am also trying to collect a list of supply-type needs specific to your homeless and unaccompanied youth. My goal is to identify needs that I might be able to help fill. I am also in contact with at least one organization in the DFW area who is ready to help us fill needs specific to this group of students. If you can provide me information via the Google sheet linked below, I will work to see if I can connect you in some way with the items needed in your LEA.

### **Region 11 Homeless / Unaccompanied Youth Needs**

I have had a couple of districts share needs specific to homeless/unaccompanied youth that are not being met at the LEA level. I may be able to help provide some of these items or connect districts with contacts and resources that are able and ready to assist. Please take a moment to visit the Google Doc linked below and add any specific needs that you are seeing in your LEA that you are not able to fulfill with your existing budget or other resources. If the need is specific to / related to COVID-19, please indicate that in the comments as it may give us some additional flexibility in funding.
