

The IXL advantage in Texas

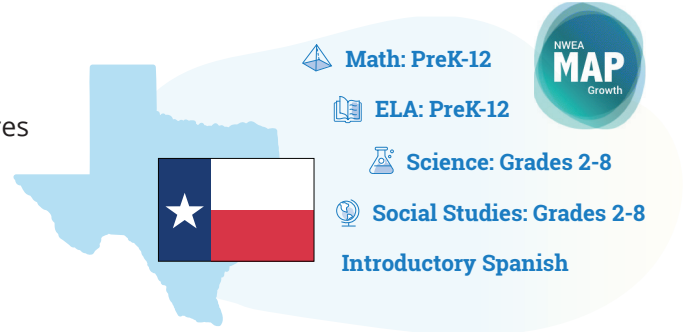

See why IXL is **the best** K-12 learning platform, used by over 1 million students in Texas and in all of the top 100 districts in the U.S.!

Adaptive, standards-aligned curriculum

Custom-built for the TEKS, IXL's adaptive and open curriculum is fully aligned to [Texas Standards](#) and prepares students for the demands of the STAAR exam.

As an official NWEA instructional partner, IXL offers MAP skill plans that guide teachers/students to the skills that will help them grow the most, based on their RIT scores.

Up-to-date, actionable assessment data

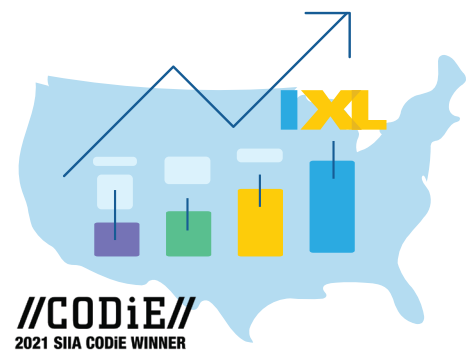

IXL's Real-Time Diagnostic offers educators ongoing insights so you can meet student needs in the moment. Easy to use in the classroom or at home, our diagnostic gives you up-to-the-minute assessment data and creates a personalized action plan for each student.

And now, the new [Snapshot mode](#) allows administrators to get up-to-date diagnostic data within a set timeframe. With this feature, school and district administrators can easily use the diagnostic to get all the benefits of a benchmark assessment in a flexible, lightweight format.

Research-based, proven effective

A [peer-reviewed research study](#) showed Texas schools using IXL outperformed schools without IXL on STAAR exams, by as much as 11 percentile points on math, 17 percentile points on reading, and 8 percentile points on writing.

[Recent research](#) has also shown that the Real-Time Diagnostic is a strong predictor of student performance on NWEA Map math and reading assessments.
