STAAR Grade 8 Social Studies Online	7	<b>May Social Studies 5/7–6/11 (G8)</b>	May Social Studies 5/11–6/11 (G8)

# STAAR Grades 6–8 Test Administrator Manual—incorrect information in the online administration directions

The grades 6–8 manual contains incorrect information **on page 66** for administering the STAAR grade 7 writing test online. The Basic Transcribing accessibility feature described in the paragraph below is only available for grade 4 students who are taking the STAAR writing test online. This accessibility feature is not available for grade 7 students and should not have been included in this test administration manual. Please ensure that test administrators are aware of this.

For any grade 7 student who is taking the STAAR writing test online, the test administrator may transcribe (i.e., type) the student's response to the written composition into the online test as an Accessibility Feature. The student does not have to be eligible for Basic Transcribing to receive this assistance and it does not need to be documented in the Assessment Management System. The test administrator transcribing the student's response must do so in accordance with guidelines for Basic Transcribing found on TEA's Accommodation Resources webpage.

# STAAR Grades 3–5 Test Administrator Manual

## —additional mislabeled section header

Districts should also be aware that a few additional pages in the grades 3–5 manual have mislabeled section headers. There is no impact to the content of the manual on these pages. The pages are identified below.

MANUAL	PAGES	CORRECT SECTION HEADER	INCORRECT SECTION HEADER
STAAR Grades 3–5	60–62	STAAR	STAAR Spanish
