Where Does It Start?

Home Language Survey [HLS]

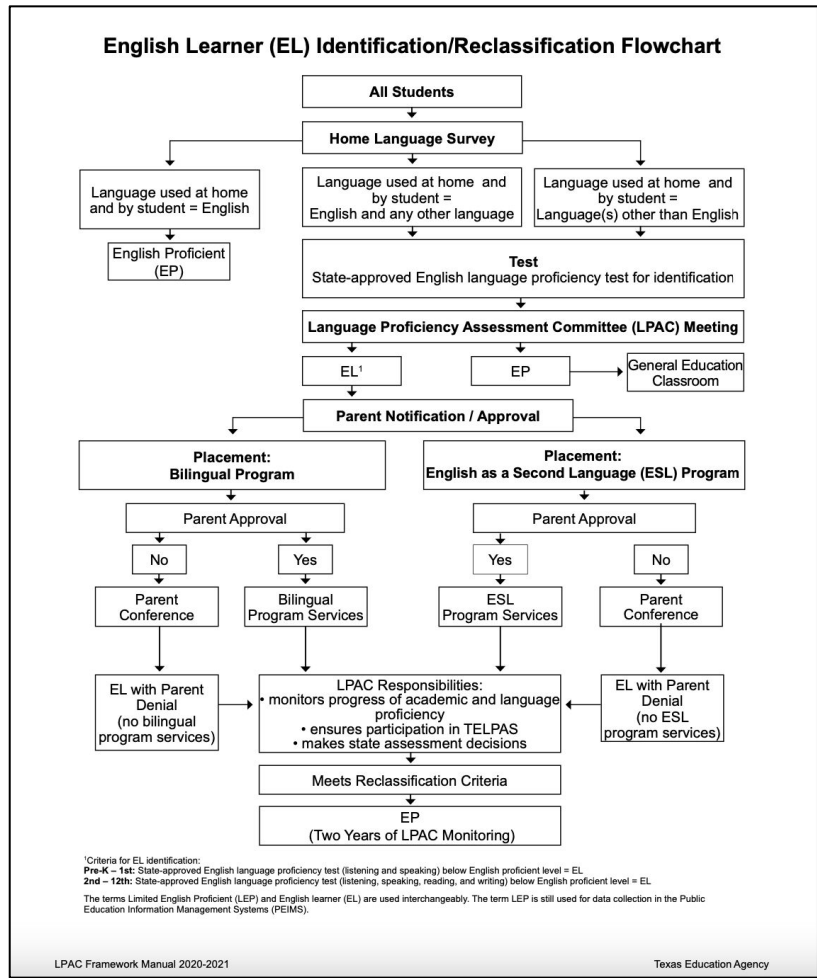

From Beginning to End

<https://bit.ly/3M2pUjj>

Step 1:

- Administer HLS for new to TX enrollees
- Retrieve original HLS from TX transfers

Step 2:

- Administer statewide language assessment to new to TX students that have a non-English language listed
- Use assessment results from transferring TX LEA

Step 3:

- Conduct LPAC meeting to make program recommendation

Step 4:

- Gain parent approval for LPAC's recommendation

Step 5:

- Enter appropriate codes in PEIMS

TSDS PEIMS Indicators

EB Indicator

- Based on LPAC's identification as EB
- Generates Title III federal funding

Parent Permission

- LPAC must take place first
- Effective as of date on permission
- May temporarily place in a program during process

Program Codes

- Based on parent permission
- LPAC recommends program based on HLS, eligibility based on preLAS/LAS Links, and available program

Bilingual Education Allotment

- Based on student's participation in bilingual or ESL program
- Generates BEA state funding

Other

- **At-Risk:** Based on student's EB identification
- **Immigrant:** Based on country of birth.
- **Refugee:** Based on documentation

Part Two:
 Please answer the questions to the best of your ability.

1. Which languages are used at home? _____
2. Which languages are used by the child at home? _____
3. If the child had a previous home setting, which languages were used? If there was no previous home setting, answer Not Applicable (N/A). _____

• By checking this box, I understand a request to correct an error to this Home Language Survey can only happen if:

- 1) my child has not yet been assessed for English proficiency; and
- 2) corrections are made within two calendar weeks of my child's enrollment date.

Note: Please contact your school about the benefits of bilingual education services. The following resources may also provide information on program services that foster bilingualism.

Signature of Parent/Guardian _____ Date _____
 Signature of Student if Grades 9-12 _____ Date _____

- Only completed by new to TX enrollees
- Not retroactive for registrations prior to August 9
- Multiple languages may be indicated
- Question three is a follow-up to Question two
- Question three will not be captured in PEIMS
- Question three does trigger identification if non-English language(s) are indicated
- First non-English language listed is entered into PEIMS

<p>If two or more languages are indicated on questions 1 and 2, which language is listed in PEIMS for each question?</p>	<p>You will use the first language which is another language other than English. <i>As per today's meeting: we will add a PEIMS section to the FAQ.</i></p>
<p>What if English is indicated on questions 1 and 2, but a language other than English is indicated on question 3 and the student is identified EB. How will this impact PEIMS when the third question is not being recorded in PEIMS? (A fatal error takes place in PEIMS when a (98) language code and EB (1) is entered.)</p>	<p>For PEIMS coding you will still only capture 2 fields, 1) home language/s and 2) child's language/s and Question 3 will impact question 2 as it will be used to enter the second field. <i>We will add in PEIMS section to the FAQ.</i></p>

<p>What is the process for LEAs if the locally translated HLS and the TEA-translated HLS contradict each other when parents complete the TEA translated form once made available? Which one is valid?</p>	<p>The TEA-translated HLS will preside over the initial provisional.</p>
<p>LEAs using the paper version of HLS cannot access the hyperlinks on the form. Will TEA be adding QR codes to make the links accessible to parents completing a paper HLS?</p>	<p>Great question, in the meantime we ask that the LEA provide the QR or provide the links to the parents via a separate document to access the information in a manner by means that are appropriate and feasible for their staff, students, and families. <i>We may add this question to the FAQ.</i></p>
<p>Need guidance for concerns voiced from LEAs for online registration:</p> <ul style="list-style-type: none"> ● Uploading a fillable PDF does not allow a SIS to run reports to alert LPACs to proceed with identification. ● Concerned students will be missed, especially for large LEAs. 	<p>We understand the logistical concern and how these processes may already be very well established with vendors and LEAs, but at this time there are not flexibilities. <i>We will add a question in FAQ to support LEAs as they engage with SIS vendors about the TEA-required forms.</i></p>

Wrapping Up 22-23 Reclassification

- LEAs have first (45) calendar days of school year to wrap up pending reclassifications documented in End of Year (EOY) LPAC.
- Parent approval must be received to exit the student from EB program services.

DATE:	April 20, 2023
SUBJECT:	Reclassification of Emergent Bilingual Students
CATEGORY:	Emergent Bilingual Student Programs
NEXT STEPS:	Share with Appropriate Staff

For the 2022–2023 school year only, language proficiency assessment committees (LPACs) will need to make determinations related to the reclassification of emergent bilingual (EB) students within the first 45 calendar days of the 2023–2024 school year.

Texas Education Code [\(TEC, §29.056\(g\)\)](#), states that the LPAC may reclassify an EB student as English proficient at the end of the school year in which the student meets the [reclassification criteria](#) and is determined to be able to successfully participate in an English instructional program with no second language acquisition supports. 19 Texas Administrative Code [\(TAC\) §89.1226\(i\)](#) describes the specific performance an EB student must demonstrate on the Texas English Language Proficiency Assessment System (TELPAS) and the State of Texas Assessment of Academic Readiness (STAAR) reading test, as well as the teacher subjective letter using the state's standardized rubric.

As previously announced, the TELPAS writing and STAAR reading assessments have been redesigned beginning with the spring 2023 administrations. Because of the process involved in setting performance standards for these redesigned assessments, TELPAS scores will be delayed until June 29th and STAAR grades 3–8 scores will be delayed until August 16th. Therefore, LPACs will not have the necessary information to make reclassification decisions prior to the end of the 2022–2023 school year. LPACs will need to make reclassification decisions for EB students within the first 45 calendar days of the 2023–2024 school year.

In subsequent years, when TELPAS and STAAR scores are available on more typical timelines, LPACs will be required to make reclassification determinations for students prior to the end of the school year as required by law.

Additionally, please note that proposed changes to the current reclassification criteria and other components of 19 TAC Chapter 89 Adaptations for Special Populations, Subchapter BB, will be available for public comment April 21–May 22, 2023. The proposed changes are scheduled to be effective in August 2023.

Please email any questions to the Emergent Bilingual Division at englishlearnersupport@tea.texas.gov.
